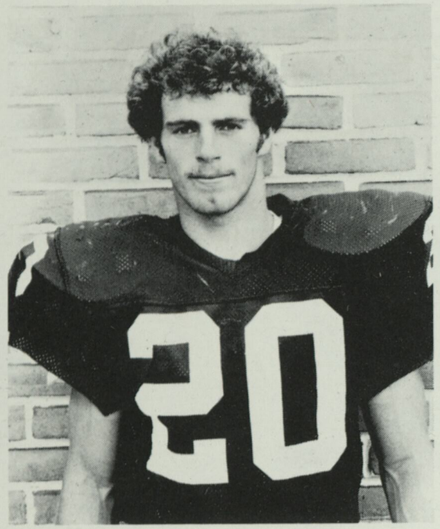
Hall Runs To National Rushing Title



While Dino Hall was on his way to setting new GSC single-game and single-season rushing records last year he also managed to make a splash nationally as well.

The speedy tailback finished the season last year as the NCAA Div. III national rushing leader, totaling 1.330 yards for 133 yards per game average. Prof fans at the season finale last year will remember the show Dino put on, breaking the GSC single-game rushing mark with 255 yards.

Along with the NCAA recognition. Dino was also named to the prestigious Kodak All-American Team, the AP All-American Team, the ECAC team and was named the ECAC Div. III player of the year.

This past summer he signed a contract with the Cleveland Browns and despite impressive showings in pre-season games against the Giants and Colts, he was one of the last players cut from the squad. Dino hasn't given up though and Prof fans may see him in NFL competition yet.

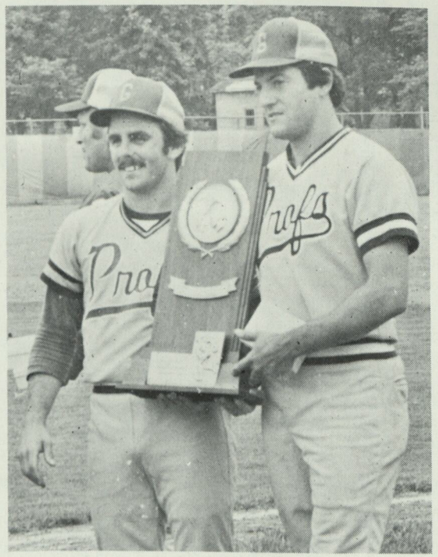
Prof Teams Dominate Post-Season Play

The Glassboro State athletic teams continued to excel in national competition this past year as seven teams were selected for post season tournament play.

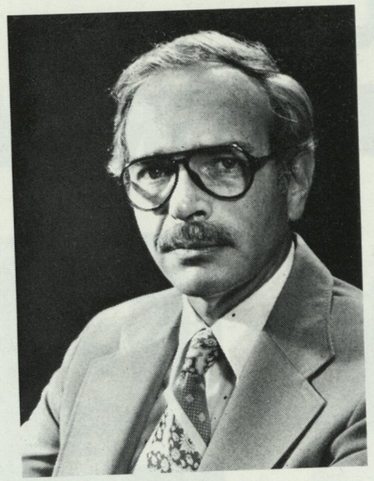
The highlight of the year was the baseball team's second consecutive NCAA Div. III national title. The Profs sealed it up with Matt McArow's 3-hit masterpiece on the mound against Cal-State Stanislaus.

The track team placed second in the NCAA Div. III track nationals for the second straight year as the Profs narrowly missed taking that title. In addition, two members of that team went on to additional individual accomplishment. Javelin thrower Mike Juskus took second in the Div. I Nationals, fifth in AAU meet and second in the Olympic Festival II games in Colorado. Also Tavo Rivera competing for Puerto Rico, qualified and ran in the Pan American games.

Other teams in post-season play include the women's hockey, tennis, track and softball teams and the men's cross country and soccer teams, with the cross country team making it to the nationals for the fifth consecutive year.



President's Kick Off



Dr. Mark Chamberlain
Glassboro State College
President

It is a very real pleasure to welcome you to the campus of Glassboro State College. We hope you will enjoy PROF football this fall as well as the dozens of intercollegiate contests played throughout the year by our men's and women's teams.

Today, professional athletics and "big time" college sports dominate radio, TV and the newspapers. But is this all there is to athletic competition? We at Glassboro State think not. We believe, and put our beliefs into practice, that young men and women enjoy and deserve the opportunity to test themselves against others of similar talents. From that testing comes heightened respect for oneself, for one's abilities, for those never changing virtues of fair play, hard work and desire — and some very fine athletic contests that are a joy for the spectator as well as the participant.

Several hundred young men and women student-athletes, in the very finest sense of the phrase, compete each year in intercollegiate athletics on this campus. Here are truly the honor courses of our comprehensive program of health and physical education. We hope that you enjoy the game and will come back again to be with us.

NCAA Rules Change: Give Safety More Clout

The NCAA Football Rules Committee once again put heavy emphasis on safety in its annual meeting.

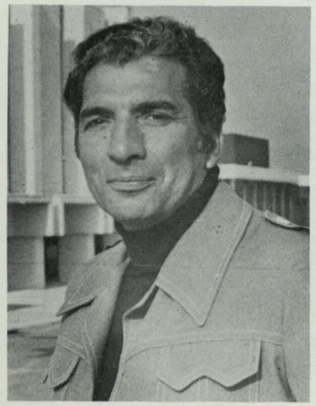
Blocking below the waist is now prohibited in **ALL** exchanges of the football, as the committee added intercepted passes or laterals, plus recovered fumbles to the list (the cycle began in 1974, when the committee outlawed below-the-waist blocking on all punts, field-goal attempts and free kicks). Now **all** eligible receivers must be blocked above the waist, once they have gone five yards beyond the scrimmage line.

The committee also put more power into the existing rules against spearing, ramming or butting, blows to the head with hand or forearm, kicking, or striking the ball carrier with the top of the helmet. Each of these violations now means an automatic first down (formerly 15 yards, which didn't necessarily mean a first down).

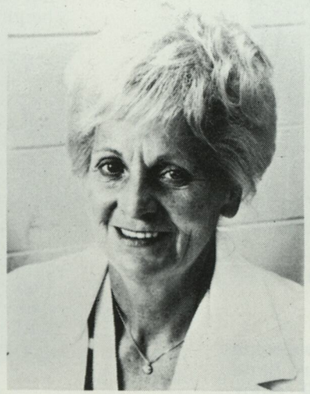
The punter got some more protection, too. Now roughing the kicker means an automatic first down (formerly, the opponent could rush on fourth-and-18 knowing it wouldn't mean a first down).

The passer also got some help. Now roughing will be called if the passer is hit after he has "obviously" thrown the ball. Each college now will be required to have a 12-foot apron around the field instead of the current six-foot requirement. Finally, a five and 15-yard penalty on one play no longer cancel out — the chief offender gets 10 yards.

GSC ATHLETIC PROGRAM



DR. LEONARD SERFUSTINI
Department Chairman



DR. PEARL KOWALSKI
Director of Women's Athletics

DR. MICHAEL BRIGLIA
Director of Men's Athletics

Glassboro State College promotes a varied program of intercollegiate athletics under the direction of the health and physical education staff. These programs are sponsored by the Men's Athletic Association, Women's Athletic Association and the Bureau of Athletics. Funds come from the general Student Government budget.

Men's intercollegiate national and conference affiliations are the National Collegiate Athletic Association, National Association of Intercollegiate Athletics and New Jersey State College Athletic Conference.

Women's Intercollegiate affiliations are with the Association of Intercollegiate Athletics for Women.

Intramural sports are planned for the men and women of the student body who are not members of varsity squads. It provides some form of physical activity without the intensified training and high degree of skill necessary for the varsity programs.

A varied seasonal program under the directorship of staff members with the assistance of student majors in health and physical education, is provided. All of the facilities of the athletic and recreational programs are utilized in the intramural programs.

Glassboro State College recognizes its responsibility to provide a wide range of physical education programs to ensure the opportunity for all to engage in meaningful physical activity.

Professional Studies

The New Jersey State Colleges, under a plan by Chancellor of Higher Education T. Edward Hollander, have launched individual programs of excellence. Glassboro State, steeped in its excellence of training future teachers, was designated as the college for teacher education.

The Professional Studies Division of GSC has long maintained excellent programs in education, even as the college diversified and expanded through the 1960's and 70's. The experiential Pre-Service In-Service Continuum (EPIC) program means Glassboro will offer the honors program of all state teacher training curriculum. In addition, the college has been awarded a $200 thousand grant to establish regional training centers throughout South Jersey to aid teachers already in the field.

Students entering Glassboro's Professional Studies Division can choose from majors such as elementary education, home economics, industrial education and technology, junior high school education, early childhood education, health and physical education, school nursing, teaching of the handicapped and law/justice.

Additional certifications are available in reading/speech correction and library education. Also, students majoring in the many subject areas of the liberal arts may also apply for secondary education certification.

Fine And Performing Arts

A student majoring in the fine and performing arts at Glassboro has the opportunity to expand both the skills or techniques of his or her art, as well as develop individual creativity through both broad and specialized courses and through individual work.

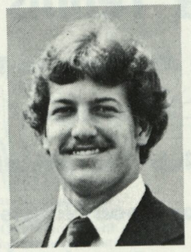
The Fine and Performing Arts Division at Glassboro State incorporates three separate yet inter - related programs. The art, music, and speech/theatre/dance departments all offer students the choice of a teacher certification degree or a liberal arts degree.

The speech/theatre/dance department offers students study in all phases of theatre, from acting to stage and costume design. There is also a complete dance program as well as public speaking courses of value to students of almost any major.

Along with its instruction in traditional art mediums such as painting, printmaking, sculpture, drawing and ceramics, the art department also offers unique course work in puppetry.

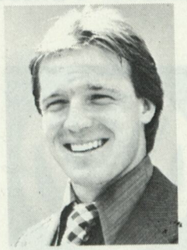
The music department offers programs in instrument, voice and theory and composition. Students have the opportunity to perform both solo and with ensembles, orchestras and other groups. And, like other majors in this division, they can earn a degree with teaching certification or applied performance.

Senior Profiles



DAVE ORTEGA
Defensive Back

After spending two years as a reserve wide receiver, Dave has made an excellent transition to the secondary. He has good speed and hands, which make him a threat for the big interception. The 6-0, 170-pound business major is a serious contender to break into the starting lineup in what could be the best secondary in Glassboro history.



CHARLES NEWSOM
Wide Receiver

Newsom is expected to fit nicely in the Prof corps of receivers this season after missing the last two years. He played for Glassboro as a freshman, but was injured as a sophomore and also sat out his junior year. The 6-1, 180-pound law and justice major has excellent hands, runs good patterns and is a tough blocker.

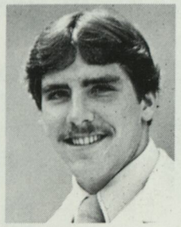
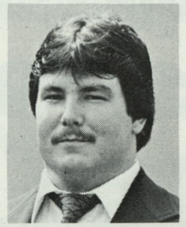
Senior Profiles



KEVIN PRICKETT
Wide Receiver

In addition to the normal talents of a senior wide receiver, Kevin brings the added dimension of excellent blocking ability to his position. "He is probably the best blocker among the wide receivers," said Wackar. "He's always hustling, a solid team player." The 6-0, 180-pounder from Riverside has filled a reserve role the last few years. But the only reason he hasn't started is because of the outstanding receivers the Profs have had the last few years.



DENNIS SHILLING
Offensive Line

Tackle Shilling is one of the Prof tri-captains. He won a starting berth last year and is a very hard worker. He's strong for his size (5-10, 215-pounds) and is always working out in the weight-room. The accounting major is a very hard worker with excellent techniques. "Dennis is a solid team player," said Wackar. "He has a very positive attitude at all times. He exemplifies that type of attitude and feeling that a team needs in order to be champs."

Senior Profiles

KEVIN BURLEY
Running Back

Burley, who Prof fans know as a standout guard on the basketball team, has used up his court eligibility but has a half year of school left and came out for college football for the first time. The 5-8, 155-pounder is a quick, darting-type of runner. He could be a contributor in the absence of Dino Hall," said Wackar. Burley was a standout player on the gridiron at Florence High School, so he is by no means inexperienced.

ROBERT SIMPSON
Linebacker

The Gloucester County transfer played for the Profs last year in a reserve role. Termed "The Quiet Man" by Wackar, Simpson is one of the fastest linebackers that have ever doffed the Prof uniform. The 6-1, 205-pound physical education major has good athletic ability and is a good hitter. "He should be a standout this year," says Wackar. "He follows in the tradition of outstanding Glassboro linebackers."

1979 Outlook

Glassboro State College's football team is an organization on the rebound. All the Profs did last year was win seven games. Unfortunately one of the three losses came against NJSCAC rival Montclair, which ended GSC's four-year stranglehold on the league title.

The 1979 Profs are a young squad with just 14 seniors on the roster. Gone are Dino Hall and Herb Neilio, the offensive movers of last year's team. But despite those losses, head coach Dick Wackar feels certain the Profs will make a run for the title. The team could boast the best offensive line in GSC history.

Another strong point will be the corp of receivers. Veterans Kevin Nugent and Kevin Prickett, along with sophomores Jack Schneider, Bill Dahl and Greg Kimek, will provide Prof fans with plenty of excitement.

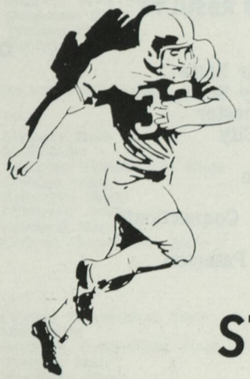
SALISBURY



STATE

PREVIEW

If tonight's game with visiting Salisbury State College is anything like last season's contest down in Maryland, Prof fans are in store for one exciting evening.

A year ago Glassboro battled to a thrilling 9-7 defensive struggle against the Sea Gulls. Much to the Profs' dismay Salisbury will return with a large share of that same cast.

Out of last season's 22 starters, 18 are again in uniform for the Sea Gulls. Heading the list is seasoned quarterback Rex Barbour.

Offensively Salisbury will have 10 returning starters, which means the Sea Gull offense will probably be much more productive than what the Profs saw last year. Barbour completed 45 percent of his passes in 1978 for 772 yards and seven touchdowns.

The only 1978 starter missing on offense is their leading ground gainer, fullback Dave Kirchoff. But senior halfback Terry Swann gained only 52 fewer yards than Kirchoff. The 5-8, 184-pound speedster averaged 4.9 yards a carry and galloped 75 yards on one carry.

Salisbury finished at 5-5, including a 13-7 win over the Profs' tough NJSCAC opponent Trenton.

The Gulls enjoyed their most productive passing season last year, due in large part to a corps of four fine receivers, all of whom return.

Split ends Mark Staton and Bert Hill grabbed 13 and five passes, respectively. Staton accounted for 219 yards, 16.7 per reception. Hill covered 87 yards for a 17.4 average per catch.

Tight end Mark Schnackenberg, the Gulls' top receiver, is also back. He gathered in 16 passes last year, four for touchdowns. His 205 yards broke down for a 12.6 average. Wide receiver Pete Hanulak is another key offensive weapon. He had 10 receptions for 169 yards.

Salisbury lists four starters as possible, All-American candidates. They are offensive tackles Dave Swartz and Pete Pratt and defensive linemen Doug Morris and Tim Fox.

With the calibre of tonight's match-ups, fans can expect one of those "games to remember."

THE FIRST CHEVY OF THE '80s. CITATION.
OUR MOST SUCCESSFUL NEW CAR EVER.

Ever since its introduction, people have been flooding Chevy showrooms across the country to see the 1980 Chevy Citation. And according to Retail Delivery Reports, 33,765 units were sold in its first three weeks, more than any new entry Chevrolet has ever introduced.

MID-SIZE ROOM FOR 5.

Citation's engine is mounted sideways, so the passenger compartment can be bigger. In fact, in EPA interior dimensions, Citation is classified as a mid-size car. With the back seat folded down there's room enough for two adults in front and 30 bags of groceries in back.

0 TO 50 IN 9 SECONDS FLAT WITH THE AVAILABLE V6.

In engineering tests, Citation goes from 0 to 50 in 9 seconds flat. That's with available 2.8 Liter V6 engine and automatic transmission. California figures not available. (Citation is equipped with GM-built engines produced by various divisions. See your dealer for details.)

GM

EASY ON GAS. 24 EPA ESTIMATED MPG. 38 HIGHWAY ESTIMATE.

That's with Citation's standard 2.5 Liter 4-cylinder engine and manual transmission. (Manual transmission currently not available in California. Calif. estimates lower.)

Citation's standard 4-speed transmission is made to conserve gas. It's an overdrive. And at cruising speeds the 4th gear lets the engine run slower than with a conventional transmission, helping to get impressive fuel economy.

IMPRESSIVE LONG-RANGE CRUISING ESTIMATES, TOO.

And Citation's long-range cruising estimates are just as impressive. 336 miles based on EPA estimated MPG (city) mileage figures, and 532 miles based on estimated highway MPG. Range figures obtained by multiplying Citation's 14-gallon fuel tank capacity rating by the EPA mileage estimates.

REMEMBER: Compare the circled *estimated* MPG to the estimated MPG of other cars. You may get different mileage and range depending on your speed, trip length and weather. *Your* actual city mileage and range will be less in heavy city traffic. Your actual mileage will probably be less than the highway estimate.

YOU'VE GOT TO DRIVE IT TO BELIEVE IT.

When you drive Citation you'll see what all the excitement is about. The way it feels. The way it maneuvers. The way it rides. And Citation's front wheel drive puts approximately 65% of its weight over the "driving wheels" to give you impressive traction on wet or snowy roads.

IT'S A WHOLE NEW KIND OF COMPACT CAR.

There's still a lot about Citation that we haven't mentioned. Like slip stream design to cut down on wind resistance and wind noise. The hidden cargo area in all hatchback models, so what's inside is protected from view. A dual diagonal braking system. And much, much more. That's why we encourage you to see your Chevy dealer and test drive the 1980 Chevy Citation today. This could be the car you've had in mind.

Chevrolet

Cheer them on with a Coke.

Coca-Cola. Worldwide refreshment for athletes and spectators alike... and a proud supporter of the Olympic Games since 1928.

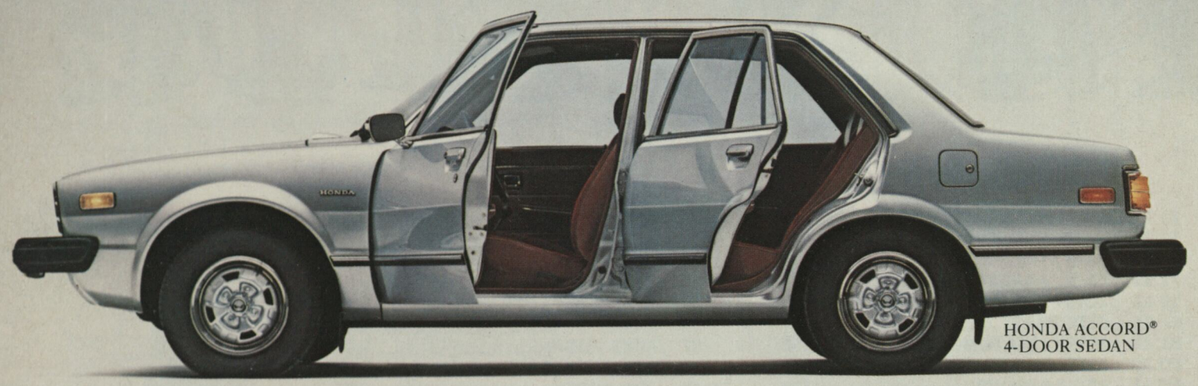
New openings from Honda.

HONDA PRELUDE



HONDA ACCORD®
4-DOOR SEDAN

At Honda we have never believed in making lots of different types of cars. But 1979 is a different kind of year for Honda. We've introduced two new cars. The Accord 4-Door Sedan and the Honda Prelude. You might say we've opened things up a bit. Literally.

Our new Prelude boasts a power-operated, tinted glass moonroof as standard equipment. The moonroof comes with a manual sunshade, like the window shade on a jetliner.

Not only does our new Accord sedan have four doors, it has a nice, big trunk as well. It also has a lever that allows you to release the lid from the driver's seat.

So if you're thinking about buying a new car, take a close look at our new Hondas. And open the door to simplicity.

HONDA

We make it simple.

© 1979 American Honda Motor Co., Inc. Prelude is a Honda trademark.

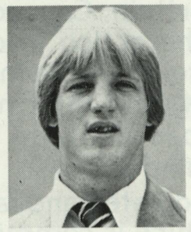
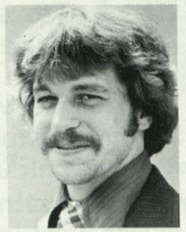
Senior Profiles



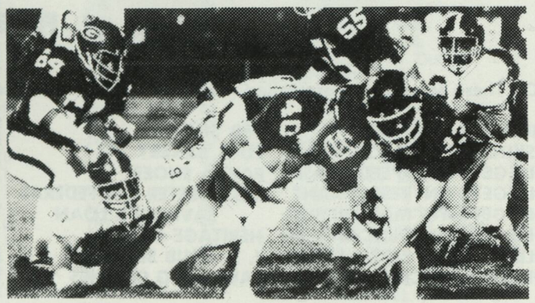
KEVIN NUGENT
Wide Receiver

This 6-2, 180-pounder is one of the fastest players on the squad. Kevin combines good moves and excellent hands with his speed to make him a threat to go "coast-to-coast" everytime he leaves the line of scrimmage. The accounting major spent two seasons as a reserve, but now ranks with the many outstanding receivers Glassboro has developed.



RON RYBA
Running Back

Ron came to Glassboro from Wesley Junior College where he had an excellent career as a kick-off and punt return man, as well as a running back. The 5-8, 175-pounder is termed a smart player with good moves and good hands. Because of his hard work, the business administration major is expected to press some people for a starting berth.



Follow the Profs at home and on the road with The Times

Mike Scully
Times Sports Editor

For the past eight years, Sports Editor Mike Scully has given Glassboro State College in-depth sports coverage, exclusive sports writing that comes only from being there. Whether The Profs are in Towson, Maryland or in New Britain, Connecticut, Mike will be there reporting the action in detail. With the Times you get complete coverage through the week, which includes pre-game information, features on players and coaches, and well-calculated descriptions of opposing teams.

This kind of reporting can only come from a dedicated and talented sports writer working for a daily newspaper which is committed to excellence in local sports coverage, The Gloucester County Times.

Arts & Sciences

Studies in the liberal arts and sciences provide an individual with the intellectual tools and a context for learning about the nature and variety of humanity, its historical and cultural character, and its physical environment. Such understanding comes through the development of the qualities of mind and spirit useful not only in an individual's chosen field of work but also toward the continuing enrichment of his or her life, and is thus the Division's central mission.

Students are offered courses in a variety of highly - diversified fields such as the humanities, communications, languages, behavioral sciences, mathematics and the sciences.

Many of the departments in this division offer students the use of some of the finest equipment in the area, especially in departments such as physical science, geography/anthropology, life sciences and mathematics. Students at Glassboro are also afforded the use of the New Jersey Marine Science Consortium facilities through the college's membership.

Degree majors are offered in the following categories under the division of Liberal Arts and Sciences: biological science, chemistry, communications, economics, English, history, French, journalism, mathematics, physical science, political science, psychology, sociology, Spanish and geography Teacher certification is also available.

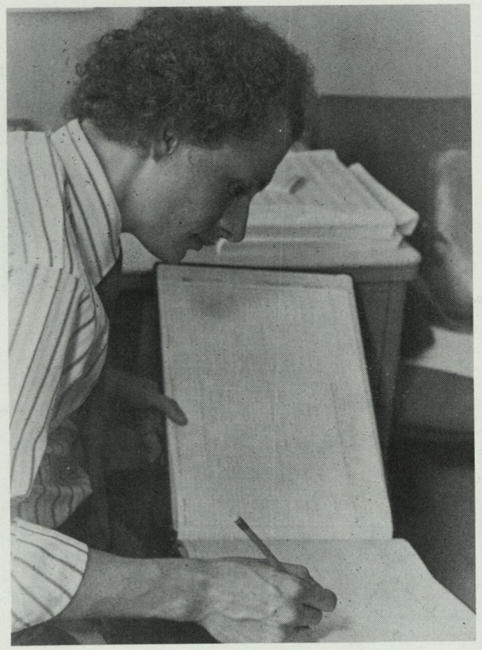
Administrative Studies



The Administrative Studies Division at Glassboro State College gives the student an opportunity to gain a thorough understanding of the principles of management, as well as a foundation of experience and skill within a specialty. Students also have the broad advantages of studying in the liberal arts.

The program at GSC offers students a degree major with concentrations in accounting, advertising, broadcasting, economics, finance, industrial management, information processing, law/justice, management-personnel and labor relations, marketing and public administration.

Along with academic courses, the program prepares students for their preferred careers by placing them in face-to-face contact situations with today's business world. Many faculty members have been drawn from the leadership ranks of business as well as education.

The Management Institute was also created through this division featuring seminars, training programs and publications with the purpose of meeting the educational and professional needs of both public and private management sectors, as well as the GSC Administrative Studies faculty and students. It is composed of South Jersey business executives along with Glassboro faculty and students, and sponsors an "executive-in-residence" on the administrative studies faculty.

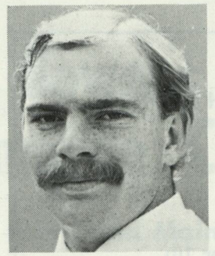
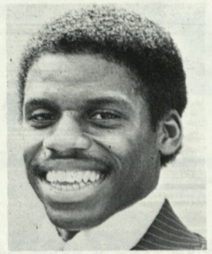
Stop In After The Game

Senior Profiles



VINCE GILLEN
Offensive Lineman

Gillen is one of the Profs' senior tri-captains, following in the footsteps of his brother Brian who was a Prof captain five seasons ago. A knee injury sidelined Vince in 1978. But according to coach Wackar he's one of the fastest linemen on the squad. "Vince is an excellent pulling guard," said Wackar. "He's one of the best technicians we've ever had. He's the leader of the offensive line and is the key to our running game."



DENNIS MC CULLOUGH
Defensive Back

Dennis is one of the Profs' tri-captains for the 1979 season. He is a well-trained and conditioned athlete who hits like a ton of bricks. That's probably how he acquired the nickname of "Tatum". Dennis is a third year starter for the Profs. "Dennis is very popular with the players and coaches," said Wackar. "He is definitely all-conference material."

Senior Profiles

TONY CIEPLENSKY
Offensive Lineman

Versatility is the strongest asset Tony brings to the Profs, according to head coach Wackar. He has played three years as a reserve. Tony can play any of the offensive line positions. He is a loyal member of the squad and always has a positive attitude. The coach expects him to make a strong move to nail down a starting spot.

PAUL DE LUCA
Defensive Back

Paul was plagued by injuries last year. but he is a very knowledgable player. According to Wackar, "he is a very intense and determined player and will be a strong contender for a starting position.

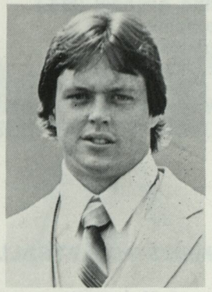
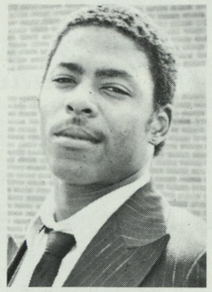
Senior Profiles



FRANK MC TAGUE
Defensive Lineman

Frank is another versatile Prof who can play every position on the defensive line. The 6-0, 200-pounder is strong with good quickness. "He's so quiet you hardly realize Frank is around until the whistle blows," said Wackar. "Then the offensive backs hear and see a great deal of him." Frank had some starting time last year and will again be an important member of the defensive unit. Wackar is sure he'll be a real contender for the middle guard position.



STEVE MURRAY
Defensive Back

Steve Murray must be rated with the best defensive backs in the history of Glassboro State football, according to head coach Wackar. Murray is a smooth defender with outstanding hitting ability. "Steve is very fast with outstanding reaction time and excellent football sense," said Wackar. "He's always smiling and is a very affable, coachable player." The 6-0, 185-lb. physical education major is truly an All-American candidate.

Good Luck, Profs!

PROVEN: 25% SHARPER COLOR PICTURE THAN EVER BEFORE POSSIBLE.

NEW MAGNAVOX TOUCH-TUNE TELEVISION.

MORE LINES OF RESOLUTION MAKE THE DIFFERENCE.

Lines of resolution determine how sharp your color TV picture will be. The more lines, the sharper the picture. And Magnavox has more lines than ever before possible.

Ordinary color TV pictures have 260 lines. Magnavox Computer Color 330 delivers 330 lines. That's 25% more lines of resolution for Magnavox. That means Magnavox has a 25% sharper, crisper, clearer color picture.

For documentation of this fact, please write: Magnavox, Dept. 700, Fort Wayne, IN. 46804

NEW MAGNAVOX TOUCH-TUNE TELEVISION ALSO GIVES YOU:

☐ Computer Touch-Tuning . . . for ease and exactness.

☐ Computer Designed Chassis . . . for reliability and performance.

☐ Improved Sound . . . for greater realism.

And Magnavox is cable-ready for 20 cable channels without a converter . . . to save you time and money.
